

COMTECH PST CORP.
STANDARD TERMS AND CONDITIONS OF SALE

1. ACCEPTANCE

This order contains all of the terms of the purchase and sale between Seller and the Buyer and supercedes all prior correspondence, offers, representations and negotiations between them to the extent that they will conflict or are in addition to the terms contained herein, being intended as a final expression and complete and exclusive statement of the terms of the agreement. Acceptance by the Seller of the Buyer's purchase order is expressly made conditional on the Buyer's assent to the terms herein. Acceptance of the products described herein ("product") shall constitute acceptance of the terms hereof.

2. WARRANTY

Seller warrants for a period of twelve (12) months from the date of original shipment, that the product will be free from defects in material and workmanship and will be in conformity with the specifications and drawings included in the contract (the "Specifications"). This warranty does not cover any damage to product that results from improper installation, accident, misuse, abuse, insufficient or excessive electrical supply, or product that is opened or altered in any way without prior written authorization from the Seller.

Buyer shall request written return material authorization (RMA) within the warranty period prior to the return of any nonconforming product. If a product is found defective or not in conformance with the Specifications, it will be subject to adjustment only if written authorization is requested within twelve (12) months from the date of original shipment by Seller and within thirty (30) days of the discovery of the defect by the Buyer. Requests for RMA should list product description, part number, serial number, quantity of product involved, the reason for return, information concerning operating conditions involved, and the period of use. In addition, the Buyer's original purchase order number must be cited. Once an RMA is obtained products must be shipped, transportation prepaid, within thirty (30) days by the most practical method of shipment. The Seller RMA number must be prominently displayed on the outside of the package and cited in the accompanying paperwork from the Buyer. Seller can accept no billing for packing, inspection, labor charges or other incidental costs in connection with any products returned for adjustment.

Unless otherwise requested by the Buyer, returned products found not subject to warranty adjustment will be sent back to the Buyer, transportation collect.

With respect to products found defective or not in conformity with applicable Specifications, adjustment will take the form, at Seller's option, of replacement or repair of the defective or nonconforming product, FOB Seller's plant. Buyer's sole and exclusive remedy for breach of warranty is limited to repair or replacement of defective product as set forth herein. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES WHETHER WRITTEN, ORAL, EXPRESSED OR IMPLIED (INCLUDING, WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE). IN NO EVENT SHALL SELLER BE LIABLE FOR INDIRECT, SPECIAL, CONSEQUENTIAL, OR INCIDENTAL DAMAGES OR COST ARISING FROM BREACH OF THIS WARRANTY.

In the event of replacement or repair pursuant to the foregoing warranty or at Buyer's expense, the validity of the foregoing warranty shall be twelve (12) months from the date of shipment of the repaired product less the period of time between the date of original shipment and the date of which Seller received return of the product for repair.

The Seller shall not be liable by reason of any delays in delivery caused by war, fire, strikes, floods, accidents, Government priorities or regulations, shortages of material or causes beyond its reasonable control. The contract shall be subject to, governed by and construed in accordance with the laws of the State of New York. A waiver by the Seller of any of the terms and conditions of the contract shall not be deemed to be a continuing waiver but shall apply solely to the instance to which the waiver is directed. No action shall be brought for any breach of this contract more than one (1) year after the accrual of the cause of action therefore.

5. INVALIDITY OF ANY PROVISION

If any term or provision of this agreement, or the application thereof to any circumstance shall be invalid or unenforceable, the remaining terms or provisions shall not be affected thereby, and each term and provision of this agreement shall be valid and enforceable to the fullest extent permitted by law.

In the event the Buyer provides written notice to the Seller of its intent to terminate the purchase order, in whole or part, for Seller's failure to perform in accordance therewith, the Seller shall be entitled to a sixty (60) day period from such notice to cure such failure. If after expiration of this sixty (60) day period, the Seller has not cured such failure, the Buyer's sole remedy shall be to terminate the purchase order, in whole or part as applicable, at no cost. This order may not be terminated for convenience.

When the items purchased under this purchase order are for use in connection with U.S. Department of Defense prime contract or subcontract, the inclusion of any Federal Acquisition Regulation shall not operate to increase Buyer's rights with respect to audit, patent rights and rights in technical data. The Books and Records of Seller shall only be made available to representatives of the U.S. Government. However, with respect to Buyer evaluation of contract cost proposals, Seller's policy is to allow Buyer review of the bases for the proposed quantities of material and labor hours, including any pertinent historical data, and the quotes and/or historical pricing data.
