COMTECH PST proudly introduces its latest development for the TWT Replacement market covering the full 2000MHz to 6000MHz band providing 75W Linear Power in a small, compact, lightweight, ruggedized form factor, ideally suited for UAV, Fixed Wing, Rotary Wing applications. This SSPA features built in protection and monitoring circuits, low voltage prime power input, high efficiency and reliable solid-state technology. Unit will self-protect under fault conditions and automatically return to normal operation when fault conditions are removed. The SSPA module withstands and operates reliably in rugged and hostile environments. Comtech PST is a trusted, recognized leader for advanced amplifier development utilizing the latest in RF technologies for Commercial TWT replacement applications. Our highly integrated products are also used in communication, EW, and radar systems where reliability is mission critical.
